PITZONKA'S

PANSY FARM

BRISTOL • PENNSYLVANIA

Simple Suggestions

For Growing Pansies

WE specialize in Pansy Plants and in Pansy Seed, and have had many years' experience in growing plants, and in selecting strains and varieties. Naturally, we have learned many things about Pansies and are convinced that anyone can succeed in Pansy culture, provided the soil is in good condition and certain simple rules are obeyed. Here is some information that we know will be helpful.

1. Select a sunny location, but if possible a place that will receive some shade in the afternoon. Good garden soil will be satisfactory, provided drainage can be furnished; if drainage is lacking, raise the bed about 4 inches above the surrounding soil, adding a considerable amount of sand and plenty of humus.
2. Cover the entire bed with 1 inch or more of well-rotted stable manure if it can be obtained. If you cannot secure stable manure, use pulverized sheep- or cow-manure. This covering should be turned under to a depth of 6 to 8 inches, letting it stand for several weeks, and dug back just before setting the plants.
3. If the soil on the bed is dry, it should be soaked thoroughly and allowed to dry off until it is not sticky; then pulverize it to a depth of about 6 inches, firm it, and set the plants not less than 4 inches apart—a greater distance if you have the space. They should be set only as deep as they were in the nursery, and the crown should not be covered. Water the bed after planting and give shade during the middle of the day until the plants are well rooted.
4. After the plants have become well established, at intervals of 6 to 8 weeks, give an application of pulverized sheep- or cow-manure, or commercial fertilizer, which must be used strictly according to directions. Pansies are heavy feeders and in order to have large and highly colored flowers the soil must be very rich.
5. After the ground is frozen hard, a light mulch of hay or straw will be required. Do not cover the bed so heavily that the plants cannot be seen, or they will be smothered. In our nursery we find that about the middle of December is the proper time to cover the plants.

LARGE SIZE

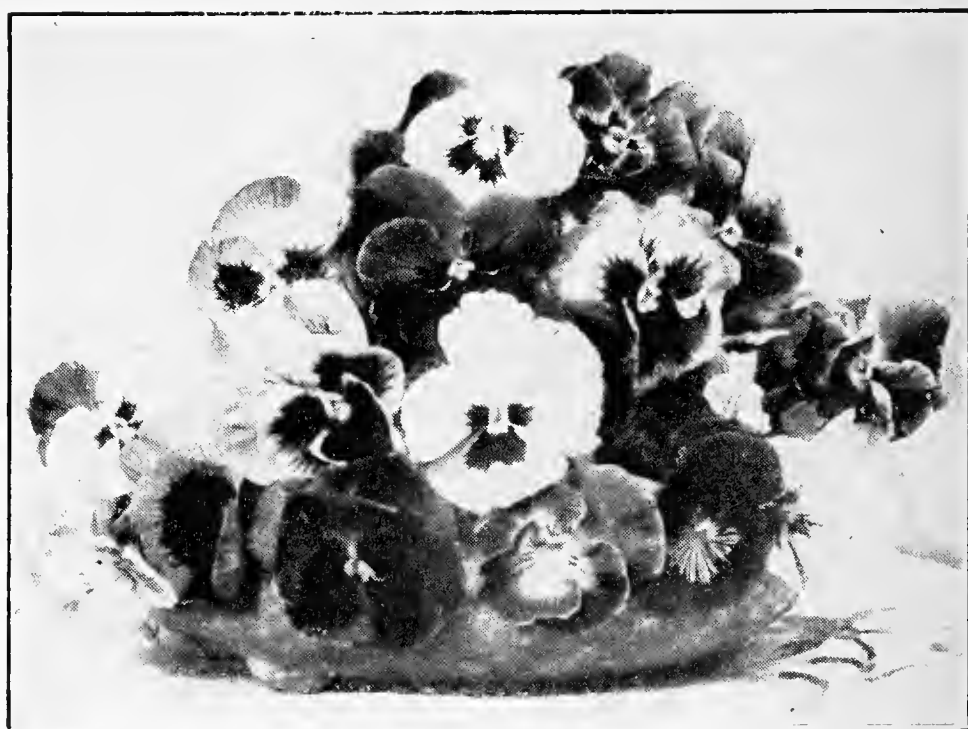

REGULAR SIZE

Please Study These Two Pictures

Both are much reduced from natural size, but they do tell a real story
of Pitzonka's Pansy Plants

The first picture shows the type, foliage, and the root-growth of our Large Pansy Plants. These Large Plants are a little older than the Regulars, are larger and better developed, and therefore bloom quicker and give large flowers from the start. The Large Plants are recommended for greenhouse Winter blooming.

One of Pitzonka's Regular Size Pansy Plants is pictured in the second illustration. These are younger plants, but are grown under exactly the same conditions and culture as the Large Plants. They will take slightly longer to develop but will give just as fine flowers when fully grown. All they need is a little more time.

PANSIES

Pitzonka's Giant-Flowering Mixture

For almost a half century we have been selecting and improving the strains in this mixture. The plants themselves are healthy, strong and compact in habit of growth, and bloom freely. The flowers are veritable giants, with velvety, glistening petals, and carried on long stems. The colors are almost beyond description, varying from delicate orchid and yellow to deep purple, blue, and red. Unquestionably this Giant-flowering Mixture of Pansy Plants is the most desirable mixture obtainable.

LARGE SIZE PLANTS, 90 cts. per 100, \$7.00 per 1000;
5000 or more, \$6.50 per 1000

REGULAR SIZE PLANTS, 60 cts. per 100, \$4.00 per 1000;
5000 or more, \$3.50 per 1000

SEED, 1/4oz. \$2.25, 1/2oz. \$4.25, oz. \$8.00

Recent PANSY Novelties

We cannot furnish less than 50 of any one variety

BERNA. A Swiss Giant introduction with large, well-formed flowers of fine texture in a striking velvety violet-blue, with dark centers.

GIANT LAVENDER. A pleasing shade of lavender with but slight variation. Flowers of fine texture are borne well above the foliage on strong, stiff stems.

GIANT RED. Same type as preceding, with flowers in shades of red.

MAPLE LEAF, VIOLET JEWEL. Maple Leaf type with the same heavy foliage and large flowers. Rich purple.

SUPER MAPLE-LEAF GIANTS. Distinct variety with heavy foliage and flowers 4 to 5 inches across, of good substance. A mixture made up of many colors and color combinations. Stems are long enough to make it desirable for cut-flower purposes. Regular Size Plants, \$1.00 per 100, \$7.00 per 1000; Large Size Plants, \$1.50 per 100, \$10.00 per 1000.

Plants, \$1.25 per 100, except where noted

250 PLANTS ARE SOLD AT THE 1000 RATE

PITZONKA'S PRIZE MIXTURE OF PANSY PLANTS

This Mixture has been selected for those who prefer a variety made up of solid colors, pencil stripes, blotches, and but few of the variegated ones. The plants have the same healthy, robust habit of our Giant-flowering Mixture with the same shapely flowers of uniform size that are good for cut-flowers and bedding purposes. Colors range from shades of red and pink, rich yellow and bronze to orchid, blue, black, and lavender.

REGULAR SIZE PLANTS, \$1.00 per 100, \$7.00 per 1000;
5000 or more, \$6.00 per 1000

LARGE SIZE PLANTS, \$1.50 per 100, \$10.00 per 1000

SEED, $\frac{1}{4}$ oz. \$3.25, $\frac{1}{2}$ oz. \$6.25, oz. \$12.00

STANDARD NAMED PANSIES *In Separate Colors*

Alpenglow. Cardinal shades, with dark blotches.

Blue Boy. Clear and pure silvery lilac. A bed of this variety gives an effect of striking beauty.

Bronze. Peculiar shades in bronze.

Giant White. Pure white flowers somewhat larger than Snow Queen.

Golden Yellow. Rich yellow with a large brown eye.

King of Blacks. The nearest to black in Pansies.

Lake of Thun. True splendid ultramarine-blue. The most beautiful of all blue Pansies. An exact duplicate of the Emperor William with much larger flowers. Makes an excellent combination when used with Yellow Master.

Lord Beaconsfield. Deep purple-violet shading off in the top petals to a white line. Excellent for planting on graves.

Royal. Deep purple; very pretty.

Yellow Master. A pure golden yellow—the same color as Golden Queen but the flowers are somewhat larger and of better form.

REGULAR SIZE PLANTS, 70 cts. per 100, \$5.00 per 1000

LARGE SIZE PLANTS, 95 cts. per 100, \$8.00 per 1000

We do not supply less than 100 plants of any one color. 250 at the 1000 rate

VIOLAS (*Tufted Pansies*)

All varieties in this list are adapted for bedding purposes, and are almost indispensable for Spring gardening. Various colors can be selected to work out extremely interesting color schemes. If the plants are set in the early Fall so they may be established before freezing weather, they will give an abundance of flowers in the early Spring. If dead blossoms are removed regularly, new flowers will appear and the plants will continue to bloom throughout the Summer. If the plants become too tall during the Summer months, they may be cut back and allowed to produce new foliage. Violas are perfectly hardy and may be given the same treatment as pansies.

Recent Viola Novelties

ARKWRIGHT RUBY. Large-flowered type. Color a beautiful bright rosy crimson, with terra-cotta shadings, making it an outstanding variety. It has the added attraction of being very fragrant.

CHANTREYLAND. After two years of very careful observation we decided to offer Chantreyland instead of Apricot Queen, as it is a more decided apricot, a heavier grower, with larger flowers and longer stems. We consider it better in every way than Apricot Queen.

FLORARIENSIS. An alpine prize developed by Mons. Correvo. Mottled blue and white flowers appear in profusion in April and continue through the Summer.

YELLOW GEM. Another large-flowered, deep pure yellow. Plants robust and very free flowering.

Small-Flowering Varieties

BOWLE'S BLACK. An interesting novelty that makes a fine bedder. Upright plants are literally covered with small purple-black flowers with a tiny eye of gold. Flowers during the entire season.

BOSNIACA. Deep red. Dwarf, free-flowering plants, excellent for rockeries and edgings as they bloom the entire season.

JOHNNY-JUMP-UP. The old popular favorite with its small Pansy faces in variable combinations of purple, blue, and yellow. Gives a colorful show during the Summer.

Above Violas, plants, \$1.50 per 100, \$10.00 per 1000

Violas You Should Grow

Admiration. Deep violet. Well named because of its beauty.

Blue Perfection. Light blue with yellow eye. A very free-flowering variety.

Lutea Splendens. Rich golden yellow. Lovely when used with the blue varieties.

White Perfection. Clear white. One of the most desirable sorts.

Mixed Varieties. For this mixture we grow many different varieties, so there may be a wide range of color. A hundred plants will make a gorgeous showing.

Plants, 65 cts. per 100, \$5.00 per 1000

Not less than 25 plants will be furnished in any one color

English Daisies

ENGLISH DAISIES *{Bellis perennis}*

Especially adapted for bedding, for edging borders and pools, and extremely desirable for giving touches of color to the rock-garden in early Spring. In moist, shady places they will continue to bloom well into the Summer. The plants should be mulched lightly in sections of the country where the ground freezes. Cultural directions same as for Pansies.

Longfellow. Rose color. Free blooming, but the flowers are smaller than those of the Monstrosa strain.

Monstrosa. Surpasses all others in vigorous growth and extra-large, double flowers. We offer Monstrosa **Dark Rose, Rose, White, and Mixed Colors.**

Monstrosa tubulosa, Etna. Quilled flowers which are slightly smaller than the other Monstrosa varieties. The color is a beautiful dark red.

Above English Daisies, Plants, 50 cts. per 100, \$3.50 per 1000;
5000 or more, \$3.00 per 1000

Crispa Cherry. *Novelty.* A compact, button type producing bright cherry-red flowers $\frac{1}{2}$ to $\frac{3}{4}$ inch in diameter, on 6-inch stems. A very profuse bloomer. Plants, 65 cts. per 100, \$5.00 per 1000.

FORGET-ME-NOT *{Myosotis}*

One of the old familiar garden plants adapted for bedding or for edgings in connection with pansies and Spring-flowering bulbs. Myosotis is a biennial, so plants set this Fall will bloom next Spring. It is advisable to give the plants slight protection during the Winter.

Alpestris, Victoria. Large clusters of azure-blue flowers. Plant bushy in habit. 6 in.

Alpestris, Victoria, Indigo Blue. Similar in form to the preceding but the flowers are deeper blue.

Alpestris, Victoria, Rose. Rose. Type as above.

Robusta grandiflora. Clear blue flowers on stems about 10 inches long. The plants are extra-strong growers.

Plants, 65 cts. per 100, \$5.00 per 1000

Hardy Perennial Plants

All of our plants are transplanted field-grown and from 1 to 3 years old, according to the time it requires to produce a good strong plant. The varieties listed are the kinds most commonly used, covering a choice of plants for hardy border and rock-garden planting.

The plants that are adapted for rock-garden planting are preceded by a ©

Dealbata. Large, striking rose-pink flowers. June and July. 2 ft.	1 20	8 00
Macrocephala. Large, thistle-like golden yellow flowers. Useful for cutting and showy in the border. Blooms in July and August. 3½ ft.....	1 50	10 00
◎ Montana (Perennial Cornflower). Grows about 2 feet high, bearing its numerous, tuft-like violet-blue flowers from July to September.....	1 20	8 00

CERASTIUM • Snow-in-Summer

◎ Tomentosum. Desirable, low-growing plant with silvery foliage and white flowers in May and June. Suitable for rockery or for carpeting dry, sunny spots or covering graves. Can also be used effectively in carpet bedding.....	1 20	8 00
--	------	------

CHEIRANTHUS

◎ Allioni. A beautiful rock-plant. Dazzling, fiery orange flowers on stems about a foot high. Best used as a biennial as it frequently blooms itself to death.....	1 20	8 00
Golden Bedder. Deep golden yellow, sweetly scented blooms..	1 20	8 00

CHRYSANTHEMUMS, HARDY

Aladdin. This early-flowering variety has proved extremely valuable under good growing conditions, flowering freely from early August on. The color is an attractive shade of bronze..	1 50	10 00
Amelia. The dwarfest of Mums—not over 10 inches high. Completely covered with pink blossoms so that the plant resembles an azalea. Also called “Pink Cushion.”.....	1 20	8 00
Barbara Cumming. Attractive, large flower of the Decorative type, 3 inches across and clear yellow in color, shading to orange-bronze toward the center. From late August to late October. Vigorous and branchy, attaining 2 feet.....	1 20	8 00
Crimson Splendor. A single variety producing rich crimson-maroon flowers with deep garnet tones and having prominent golden centers. Blooms fully 4 inches across. September. 2 ft..	1 20	8 00
Early Bronze. Extremely early variety in a lively bronze-yellow color. Flowers freely from late August on. 1 ft.....	1 20	8 00
Frances Whittlesey. Rich bronze and garnet flowers from late September on. Habit is stocky and dwarf, averaging 1½ feet in height.....	1 20	8 00
Glory of Seven Oaks. Soft but clear yellow masses of bloom have made this a great favorite. August. Medium height....	1 20	8 00
Granny Scovill. Novelty. (1934 introduction.) A lovely, large flower fully 4½ inches across and of nice, fluffy form. The color is a warm coral-bronze. Dwarf and branching growth with fine healthy foliage. Not too hardy but sufficiently outstanding in other respects to merit additional Winter care. In full bloom October 10. 2 ft.....	1 80	12 00
Gypsy Girl. Single; crimson shading to chestnut-crimson. Early October.....	1 20	8 00
Jean Cumming. Large flowers of purest white, with the softest yellow and blush shading at the center of the buds. Growth erect and wiry; height medium. Flowers September 15. The best white variety to date.....	1 50	10 00

Chrysanthemum, Ruth Hatton

CHRYSANTHEMUMS, continued

Jean Treadway. Large flowers, fully 3 inches across, of perfect Decorative formation. Opens rose-pink and ages to soft lilac-pink, shading to white. It is more attractive than the description would imply. Medium height and very free. In full flower September 30.	10	100
	\$1 50	\$10 00
King Cushion. Identical with Amelia excepting that the flowers are deep bronzy salmon with a suffusion of rose.	1 50	10 00
Lilian Doty. Medium early; ball-shaped; light rose. 3 ft.	1 20	8 00
Mrs. J. Willis Martin. Crushed strawberry in color. One of the most beautiful varieties on account of its exquisite shade.	1 20	8 00
October Girl. Flowers semi-double, fully 2 inches across, pink shaded with lavender. October 1.	1 20	8 00
R. Marion Hatton. Flower of Decorative Pompon type in the brightest canary-yellow. Wonderful for mass effect in the garden. Late September on.	1 20	8 00
Ruth Cumming. Rich reddish bronze with terra-cotta shades, aging to an even, soft bronze tone. October 10.	1 20	8 00
Ruth Hatton. A Decorative Pompon type that is a clear ivory-white when fully opened. October 10.	1 20	8 00
Ruth Pitzonka. The first offering of our new variety. Full, double, large, bright canary-yellow flowers of excellent form. Very free bloomer and an excellent cut-flower. September 1. We consider this the nicest yellow we have ever seen.	3 00	25 00
White Gull. A dwarf Baby Pompon not exceeding 1 foot. Growth very compact, like Amelia. Pure white flowers, 1 inch in diameter, are produced in great abundance. August 20.	1 50	10 00
Winnetka. Decorative. Blooms in early October, growing 2 feet high. Lovely, large, shaggy flowers of pale pink and yellow, turning to pure white.	1 20	8 00
Yellow Gem. A bright canary-yellow without shading. Compact grower, averaging 1½ feet in height. One of the finest buttons. Early October.	1 20	8 00

CHRYSANTHEMUM MAXIMUM • Shasta Daisy

Splendid hardy perennials of easy culture and invaluable for cutting. Plant in good rich loam to bring out their beauty.

	10	100
Alaska. Large white flowers from June to August.....	\$1 00	\$6 00
Arcticum (Arctic Daisy). Among Fall-flowering perennials this is one of the best. White flowers, slightly tinged rose or lilac. September.....	1 20	8 00
Double White Swan. Solid, double, pure white flowers are produced in June on good wiry stems from 1½ to 2 feet long. A Daisy that will compare with the double pyrethrum.....	1 80	12 00
Giant Double White. Pure white flowers, 5 inches across, on long, wiry, straight stems. Full doubles to semi-doubles and singles resembling giant Asters.....	1 20	8 00

NEW KOREAN HYBRID CHRYSANTHEMUMS

A new race of hybrids which has been developed from *C. coreanum*. A distinct type that adds new color, new interest, new hardiness, and promises to be especially valuable in sections where winter-killing has been a serious objection. They will prove valuable for cut-flowers as well as for color-effect in the garden.

Introductions of 1934-35

Mercury. Single, 3-inch flowers open bronze-red and change to coppery bronze as they mature. September 30. 2 ft.....	10	100
Daphne. Single daphne-pink flowers, 3½ inches in diameter, with an underlying sheen of lilac-rose. October 12. 2 to 2½ ft.....	\$1 50	\$10 00
Ceres. Old-gold, chamois-yellow, and soft coppery bronze; single. October 10. 2 to 2½ ft.....	1 50	10 00
Apollo. A sparkling combination of bronze, red, and gold, suffused with glowing salmon; single; 2 inches across. October 10. 2½ ft.....	1 50	10 00
Diana. Chatenay-rose-pink, mingled with lilac-rose and soft salmon. Triple rays of petals. October 12. 2 ft.....	1 50	10 00
Hebe. Soft lavender-pink; single; 3 inches across. Late September. 2½ ft.....	1 50	10 00
Vulcan. Double rows of petals open carmine-red, aging to bronze-crimson. October 5. 2½ ft.....	1 50	10 00

Introductions of 1936

Aphrodite. The color is a soft tint of pink in the opening flowers, changing to ivory-white, with the slightest mingling of delicate pink in the fully developed, single, gerbera-like blossoms. 3 to 3½ inches across. October 5. Height, 2 ft.; spread, 3 ft.....	2 00	15 00
Fortuna. Ox-blood-red flowers measuring 3 to 4 inches across. Of medium height and striking appearance.....	2 00	15 00
Hestia. Semi-double flowers of delicate rose-pink.....	2 00	15 00
Juno. Dwarf, compact plants producing single flowers that open coppery red and age to salmon-flesh.....	2 00	15 00
Niobe. Of dwarf, compact habit, producing clear white flowers with yellow discs.....	2 00	15 00
Saturn. Brilliant, sparkling orange and bronze, enhanced by a soft orange ring or halo surrounding the golden yellow center. Single flowers 3 inches across. October 5. 2½ to 3 ft.....	2 00	15 00
Thalia. Lovely duplex flowers of a lively orange shade.....	2 00	15 00
Vesta. Deep golden orange flowers of duplex form.....	2 00	15 00

New Korean Double Types

Indian Summer. Vivid, glowing orange. The unfurled central petals add a luminous golden orange reflection that immediately captures attention. Flowers 3 inches across, many petaled, and somewhat shaggy. October 15. 2 to 2½ ft.....	2 00	15 00
Romany. A color that comes between carmine and nopal red. In effect it is a soft, glowing red with bronze tone, full double. October 5. 2½ ft.....	2 00	15 00

Introductions of 1937—Double Types

Ember. A brilliant glowing bronze. Blooms are not too double and of excellent form. October. 2½ ft.....	2 50	20 00
King Midas. The flowers average 4 inches in diameter, are fully double, and a charming shade of soft yellow with the faintest bronze shadings. 2½ ft.....	2 50	20 00

NEW KOREAN HYBRID CHRYSANTHEMUMS INTRODUCTIONS OF 1938—Double Types

Caliph. Ox-blood-red with a rich velvety sheen or glow so prominent that it stands out conspicuously among all other Mums of this color. Remarkably free in flowering and a real advance. October 10. 2½ ft.....	10	100
	\$3 50	\$30 00
Mandarin. Coral, salmon, copper, and bronzy gold blend to a delightful combination. Perfectly formed double flowers, 2½ inches across, are carried profusely on erect, wiry stems. The plant is compact in habit and somewhat dwarf. October 10. 2 ft.	3 50	30 00
Symphony. Mauve-rose overcast soft coppery rose, with the sheen of a damask silk. Large, nicely formed flowers 3 inches across. October 10. 2½ to 3 ft.....	3 50	30 00

COREOPSIS, Double-flowered

Auriculata superba, Diadem. <i>Grand novelty.</i> Very free growing. Large yellow flower with dark blotch in center.....	1 10	7 00
Double Sunburst. The recent introduction that has created a sensation. Large flowers with several rows of petals. Better described as a semi-double. A rich deep yellow. 3 ft.....	1 20	8 00

DELPHINIUM • Hardy Larkspur

Belladonna, Blue Grotto. <i>Novelty.</i> This has the wonderful characteristics of Belladonna Improved, but the flowers are a most intense and brilliant deep indigo-blue. Fine for garden display and cutting. Different blue from the Bellamosum....	1 20	8 00
Belladonna Improved (Cliveden Beauty). All experts agree that this strain is an improvement on the original. It is the freest and most continuous blooming of all the Delphiniums. The clear turquoise-blue of its flowers is not equaled for delicacy and beauty. A generous planting should be included in every hardy border.....	1 20	8 00
Bellamosum Improved. This is a rich deep blue form of the popular light blue Belladonna, having the same free-blooming and other good qualities	1 20	8 00
Blackmore & Langdon's English Hybrids. This is indeed a wonderful strain. It has a range of colors well divided in the palest of blue shades to the deepest indigo, with a strong run of the most delicate shades of rose; double and single.....	1 20	8 00
⊙ Chlnense, Blue Butterfly. A distinct and neat variety growing about 1 foot high with fine, feathery foliage and producing freely large blossoms of rich ultramarine-blue. The rock-garden Delphinium.....	1 10	7 00
⊙ Chlnense alba. Like above, but flowers white.....	1 10	7 00
Giant Pacific Hybrids. A new strain of hybrid Delphinium. Has wiry, slender stems and a large percentage of the plants have proved decidedly resistant to mildew. Under favorable conditions the plants will reach truly gigantic height. Includes a magnificent range of clear colors as well as pastel shades....	2 50	20 00
Lamartine. A new variety of the Belledonna type with flowers of a glorious rich shade of gentian-blue, each petal illuminated with a shimmering tint of purple. The lips of the white bee also carry this lovely purple tint. It is truly a beautiful flower. Healthy branching plants which are unusually free. 3½ ft....	1 50	10 00
Summer Cloud. This fine new variety is the best of all whites introduced to date and comes practically 100 per cent true. Of free-flowering habit and exceptionally good for cutting. 4 to 5 ft.	1 20	8 00
Wrexham's Hollyhock. The Wrexham strain grows 5 to 8 feet tall and the spikes have 36 to 40 inches of flowers, hence the name Hollyhock Delphinium. The colors are shades of blue and violet with white, purple, and black-blue center petals, both double and single. A truly magnificent strain.....	1 50	10 00

DIANTHUS • Garden Pink

Plumarlus (Garden Pink). Very beautiful, sweet-scented, double, semi-double, and single flowers in great diversity of color	1 00	6 00
--	------	------

DIANTHUS SPECIES

⊙ Arvernensis. A beautiful, rose-colored Pink from the mountains of France; fragrant; 2 to 3 inches across	1 50	10 00
Beatrix. <i>Novelty.</i> Large clusters of light salmon-pink flowers. Blooms from May to frost.....	1 50	10 00

DIANTHUS SPECIES, continued

◎ Cæslus (Cheddar Pink). Makes compact mounds of blue-gray foliage with fringed rosy flowers on 6-inch stems. June and July.	10	100
	\$1 20	\$8 00
◎ Deltoides (Maiden Pink). A beautiful little prostrate plant with narrow leaves and bearing a profusion of small crimson flowers during June and July. Easily grown in rockery.	1 20	8 00
Deltoides erecta . Upright-growing, non-creeping form of the common <i>D. deltoides</i> . Grows into compact tufts which in early Summer are smothered under hundreds of small brilliant crimson flowers. Foliage fine throughout the year.	1 50	10 00
◎ Deltoides, Major Stearn's Variety . Gem for the rock-garden. Brown-tinted foliage and crimson flowers.	1 20	8 00
Furst Bismarck . Bright crimson-pink; perpetual flowering. May to November.	1 20	8 00

DIANTHUS BARBATUS • Sweet William

Pink Beauty . There is always a good demand for this beautiful old-fashioned favorite. It is indispensable for the border. Salmony rose.	1 10	7 00
Scarlet Beauty . Same as above, with bright scarlet flowers.	1 10	7 00
◎ Single, Dwarf, Mixed . A very showy, exceptionally low-growing (only 6 inches), and compact Sweet William in a beautiful range of colors.	1 20	8 00
White Beauty . Same as Pink Beauty, with white flowers.	1 10	7 00

DICENTRA • Bleeding-Heart

Eximia (Plumy Bleeding-heart). A dwarf-growing sort with beautiful, finely cut foliage and showy racemes of pretty pink flowers throughout the season. Too much cannot be said for this fine border plant as it is equally at home in full shade or sun and perfectly hardy anywhere.	1 50	10 00
Spectabilis (Bleeding-heart or Seal-flower). An old-fashioned favorite. Its long racemes of graceful, heart-shaped pink flowers in May and June are always attractive. It is used largely for forcing, and is perfectly at home in any part of the hardy border, and especially valuable for planting in the shade. 1 to 2 ft. Strong clumps.	2 00	15 00

DIGITALIS • Foxglove

Giant Shirley Hybrids . They are a genuine "Shirley" production of extraordinary size and vigor, growing 5 to 6 feet tall. Colors range from white and shell-pink to deepest rose, many attractively dotted with crimson or chocolate.	1 10	7 00
Gloxiniæflora purpurea . Purple-spotted Gloxinia-like flowers.	1 10	7 00
Gloxiniæflora rosea . An excellent rose-colored type of the above	1 10	7 00
Grandiflora . The spikes are not as large as those of other species, but the flowers are a strong yellow.	1 20	8 00
Hybrida Lutzi . New hybrids in salmon-pink shades. 3 ft.	1 50	10 00
Isabellina . A lovely cream-yellow sort of medium height, producing 3 or 4 flower-spikes to one plant.	1 50	10 00

DORONICUM • Leopardbane

Caucasicum, Mme. Mason . Large, beautiful yellow flowers with long stems. Free flowering. A real improvement. 1 ft.	2 00	15 00
Excelsum . Large, bright yellow, daisy-like flowers, and one of the most effective very early Spring-flowering perennials. It succeeds everywhere. Very attractive when planted in clumps. 2 ft.	1 50	10 00

ERINUS

◎ Alpinus albus . Pretty rosettes of foliage and racemes of white flowers. A first-rate rock-plant and also invaluable for establishing on old walls or between steps. 4 in. May and June.	1 50	10 00
◎ Alpinus roseus . Type as above. Flowers rosy purple.	1 50	10 00

EUPHORBIA

- © **Myrsinites.** Pretty prostrate species with bluish foliage and crowded heads of yellow flowers. 10 100
\$1 50 \$10 00
- © **Polychroma.** A beautiful formal plant growing 1 foot high, forming a hemispherical clump covered with yellow flowers in May and June. Excellent for border or rock-garden. 1 50 10 00

EUPATORIUM • Hardy Ageratum

- Cœlestinum.** Fine perennial closely resembling the ageratum. Flowers a light blue from August to frost. Fine for cutting. . . . 1 50 10 00

GAILLARDIA • Blanket-flower

- © **Goblin.** Especially suitable for the rock-garden. Dwarf plants, 12 to 16 inches high, form broad bushes of close, compact habit. Bright yellow blooms with deep red zones. 1 50 10 00
- Grandiflora, Portola Hybrids.** An improved strain of selected colors having a range from reddish bronze to deep gold. A recommended cut-flower. 1 10 7 00
- Grandiflora, Superb Mixed.** This variety is among the showiest and most effective hardy perennial plants and should find a place in every hardy border; also splendid for cutting. 2 ft. 1 10 7 00

GEUM • Avens

- © **Borisi.** *Novelty.* A vivid scarlet, single flower for the alpine garden. Lacinated foliage. 1 ft. 1 50 10 00
- Lady Stratheden.** Rich, golden yellow flowers; counterpart of Mrs. Bradshaw. Fine for hardy garden. May and June. 2 ft. . . 1 20 8 00
- Mrs. Bradshaw.** A splendid variety with large, double flowers of a fiery red. May and June. 2 ft. 1 20 8 00

GLOBULARIA • Globe Daisy

- © **Trichosanthes.** A dwarf, tufted little plant with beautiful lavender flower-heads. Does well in front of a well-drained border and is a brilliant picture in the rock-garden. 1 50 10 00

GYPSOPHILA • Baby's-breath

- Bristol Fairy.** Large panicles of double white flowers in which the individual blossom is larger than older varieties, and of the purest white. It also flowers continuously throughout the Summer. 3 00 25 00
- Oldhamiana.** More erect growing than *Paniculata* and it produces its pink-tinted flowers late into Autumn. 3 ft. 1 50 10 00
- © **Repens.** A beautiful trailing plant for the rockery, with clouds of small, white flowers in June and July. 1 20 8 00
- © **Repens rosea.** Same habit as above; pale pink flowers. 1 20 8 00

HELENIUM • Helen's Flower

- Chippersfield Orange.** Flowers in very large heads, with orange-splashed flame-mahogany disc. Good addition to the Fall-flowering family. A very good color. 4 ft. 1 80 12 00
- Riverton Beauty.** Pure lemon-yellow flowers with large discs of purest black. Desirable plant for sunny border. Good for cutting. 3 to 4 ft. Early August and September 1 20 8 00
- Riverton Gem.** Old-gold, suffused with bright terra-cotta, changing to wallflower-red. 3 to 4 ft. In bloom from August until October 1 20 8 00

The plants that are adapted for rock-garden planting are preceded by a ©

HELIANTHEMUM • Rock or Sun-rose

Low-growing evergreen plants, forming broad clumps which, during their flowering season, July to September, are hidden by a mass of bloom. For the front of the border, the rockery, or a dry, sunny bank.

- © **Lilacina.** Strong grower of creeping habit. Light lilac flowers.. 1 20 8 00
- © **Rosea.** Rose-pink..... 1 20 8 00
- © **Vivid.** Bright pink with fiery red eye. We would say this is the finest free-flowering dwarf Phlox in existence..... 1 80 12 00

The plants that are adapted for rock-garden planting are preceded by a ©

PHLOX DECUSSATA • Hardy Phlox

Antonin Mercier. Delicate lilac-blue of medium height. One of the best of the lilac shades.....	10 \$1 20	100 \$8 00
Attraction. Full, large heads of deep salmon-pink overlaid with an orange glow; crimson eye. A strong grower of medium height.	1 50	10 00
Baron von Dedem. Bright orange-red.....	1 50	10 00
B. Comte. Tall-growing, with large heads of rich, satiny, very brilliant amaranth flowers.....	1 20	8 00
Caroline Vandenberg. One of the most attractive lavenders. A true lavender-blue with large individual flowers.....	1 50	10 00
Champs Elysees. Not a new Phlox but it ranks among the best of the present-day varieties. Fine dark purple.....	1 20	8 00
Count Zeppelin. Pure white flowers with vermilion-red eyes..	1 50	10 00
Daily Sketch. This variety possesses compelling beauty. It is vigorous in growth and reaches a height of about 3 feet. Flower trusses are enormous and individual florets are extra large. The color is a salmon-pink with a vivid crimson eye. A splendid and worth-while English novelty.....	2 00	15 00
E. I. Farrington. Good, soft salmon-pink, with lighter eye....	1 20	8 00
Enchantress. Bright salmon-pink, dark eye. Vigorous grower with rich, glossy foliage.....	1 20	8 00
Ethel Pritchard. A delightful French mauve Phlox which, if seen on a cloudy day, looks almost as pale blue as our native <i>P. divaricata</i> . A strong grower, flowering freely, and should be planted with white or yellow flowers to look its best.....	1 50	10 00
Feuerbrand (Fireglow). Brilliant orange-scarlet, sometimes almost vermilion. Medium height and one of the most brilliant Phlox known.....	1 50	10 00
General Petain. Large, beautiful, wine-red flowers.....	1 20	8 00
George Stipp. <i>New.</i> Deep, glowing salmon with shaded lighter eye. Very outstanding. Does not fade. 2½ to 3 ft.....	1 50	10 00
Hauptmann Koehl. Dark blood-red; large clusters on strong, tall stems.....	1 50	10 00
H. B. May. Very large, lilac-rose flowers in good-sized clusters..	1 50	10 00

PHLOX DECUSSATA, continued

Jules Sandeau. Very large individual flowers of a good pure pink. Splendid trusses carried on stems 1½ feet high. Forms a compact plant of excellent habit.	10	100
	\$1 20	\$8 00
Leo Schlageter. Seldom has one seen a shade of red such as is produced by this fine new Phlox. The brilliant scarlet blooms seem to glow with fire, an impression that is heightened by the fact that they seem to have a decided orange cast. Of splendid habit. The best red Phlox in existence today. 3 ft.	1 80	12 00
Miss Lingard. Pearly white with delicate pink eye. Produces two or three crops of flowers during the season and is indispensable as a cut-flower for home use.	1 50	10 00
Mrs. Jenkins (Independence). Pure white. Late flowering. Grows very fast and is of medium height. Splendid for planting in masses.	1 20	8 00
Mrs. Milly van Hoboken. An excellent new variety. Very large florets of bright pink with a slight and delicate mauve suffusion. Strong grower.	1 50	10 00
Painted Lady. Flowers silver-pink with salmon shadings and cherry-red eye. Tall.	1 20	8 00
Prime Minister. White with carmine eye.	1 20	8 00
Rheinlander. Beautiful salmon-pink with claret-red eye. Individual trusses of immense size.	1 20	8 00
Rokoko. <i>New.</i> A clear soft pink; large individual flowers. Very strong grower. 2½ ft.	1 50	10 00
Salmon Glow. Lovely flame-pink with salmon shadings, softened with lilac and white tints at center, the effect being rich salmon. A fine new Phlox.	2 00	15 00
Thor. Not a new sort but we consider it one of the best. A beautiful shade of deep salmon-pink overlaid with a scarlet glow; small, aniline-red eye.	1 20	8 00
Von Lassburg. A splendid, midseason, tall, white variety. Trusses large and stems good. Very free flowering. Fine for the back of the border.	1 20	8 00

PHYSOSTEGIA • False Dragonhead

Virginica. Spikes of delicate pink flowers during the Summer months. 3 to 4 ft.	1 10	7 00
Virginica, Vivid. Brilliant pink, very desirable for medium border and in vases makes a fine flower to decorate the home.	1 10	7 00

PLATYCODON • Chinese Bellflower

Grandiflorum. Large, showy, deep blue flowers on 20-inch spikes are produced all Summer. A splendid plant for the hardy border or among shrubbery.	1 10	7 00
Grandiflorum alba. White form of above.	1 10	7 00
© Grandiflorum Mariesi. A beautiful dwarf species with broad, thick foliage and large, deep violet-blue flowers on 12-inch stems in great profusion throughout the entire Summer. Plant in front of the border or in the rock-garden.	1 10	7 00
Grandiflorum praecox giganteum. An extra-early flowering variety with magnificent blue flowers measuring as much as 4 inches across. The sturdy plants bloom profusely from August until frost. 2½ ft.	1 50	10 00

PLUMBAGO

© Larpentæ. One of the most desirable border and rock-plants. It is of dwarf, spreading habit, growing 6 to 8 inches high, covered with deep blue flowers during late Summer and Fall.	1 50	10 00
---	------	-------

POLEMONIUM • Jacob's Ladder

© Reptans. Its showy bright blue flowers on the dwarf, spreading plant make a fine appearance in the rock-garden or in the front-row border from April to June.	1 50	10 00
Richardsoni cæruleum. Beautiful sky-blue flowers on good, strong stems that grow 2 feet high and bloom during June and July. Very good.	1 20	8 00

5 plants are sold at the 10 rate, 25 at the 100 rate

PRIMULA • Primrose

Acaulis cærulea. A most novel variety with large, deep purple-blue flowers. Early.....	10	100
	\$2 00	\$15 00
◎ Auricula, Prize Mixed. Attractive growth with rosettes of thick leaves. Very fragrant flowers in clusters on slender stems in a large variety of lovely shades. 8 in.....	1 80	12 00
◎ Cashmiriana. Large, globular heads of a pleasing lilac-rose shade. Grows 6 inches high and blooms in May. Prefers a moist, shaded situation.....	1 80	12 00

Azurea. A Rocky Mountain species. Grows 3 to 4 feet high, producing, during August and September, pretty sky-blue flowers in the greatest profusion.....	1 20	8 00
Pitcheri. One of the most admired plants during the Fall months. Large rich gentian-blue flowers. 3 to 4 ft.....	1 50	10 00
Virgata nemorosa. Branching spikes of blue flowers from June to October. 2 ft.....	1 50	10 00

SANTOLINA • Lavender-Cotton

◎ Chamæcyparissus (incana). A sweet-smelling, dwarf, ever-green perennial with delicate silver foliage. Useful as a rock or border plant; also largely used for edgings to flower-beds or walks. 1 ft.....	1 50	10 00
---	------	-------

SAPONARIA • Soapwort

- © **Ocymoides.** Pretty prostrate border and rockery plant. Flowers 10 100
rosy pink, produced in great quantities just above the foliage
in late May and early June. \$1 20 \$8 00

SCABIOSA • Pincushion Flower

- Caucasica** (Blue Bonnet). Lovely soft lavender flowers on 1½
to 2-foot stems from June to September. Excellent for cutting. 1 50 10 00
Caucasica alba. White form of above. 1 50 10 00
Isaac House New Hybrids. Giant double flowers, richly shaded
with amethyst-blue and tones of bright lavender. A strong
grower and the long stems make it an ideal cut-flower. 1 80 12 00

SEDUM • Stonecrop

- © **Acre** (Golden Moss). Much used for covering graves. Foliage
green. Flowers bright yellow. Prostrate and of compact habit. . 1 20 8 00
© **Album.** Dwarf and spreading. Thick, waxy, round foliage.
White flowers. A good rock sort. 1 20 8 00
© **Anopetalum.** Yellow flowers, 8 inches high, during July. Silvery
gray foliage. A fairly strong grower. 1 20 8 00
© **Ewersi.** Foliage is glaucous gray, flowers rose colored in October.
Of sub trailing habit. 6 in. 1 20 8 00
© **Sexangulare.** Bright yellow, star-like flowers during June and
July. Quite attractive when not in bloom. 4 in. 1 20 8 00
© **Sieboldi.** Round, succulent, glaucous foliage. Bright pink flowers
in September. The loveliest of all Sedums. 1 20 8 00
© **Spectabile.** Erect-growing species with broad, light green foliage
and immense heads of showy rose-colored flowers during August
and September. 1½ ft. 1 20 8 00
© **Spectabile, Brilliant.** A richly colored form of the preceding,
being a bright amaranth-red. 1 20 8 00

SIDALCEA • Greek Mallow

- Rosy Gem.** Erect-growing, more or less branching plants, 2 to
3 feet in height, with bright rose-colored flowers during June and
July. This will succeed in any garden soil in a sunny position. . 1 20 8 00

SILENE • Catchfly

- © **Alpestris.** Dwarf rock-plant with dainty, pure white flowers in
May and June 1 20 8 00
© **Schafta.** A charming border or rock-plant 4 to 6 inches high with
masses of bright pink flowers from July to October. 1 20 8 00

SPIRAEA • Meadowsweet

- Filipendula** (Dropwort). Numerous corymbs of white flowers on
stems 15 inches high. June and July. Pretty fern-like foliage. . 1 20 8 00

Astilbe Hybrids

- Amethyst.** Well-branched spikes of deep violet-purple. End
of June. 2 50 20 00
Deutschland. Snowy white. 2 50 20 00
Mars. Beautiful dark foliage and bright red flowers. 3 ft. 2 50 20 00
Simplicifolia. A handsome little Astilbe with large pink plumes
in July. 10 to 12 in. 2 50 20 00

STATICE • Sea-lavender

- Dumosa.** A new perennial variety about 1 foot high. Dense
clusters of silvery gray flowers. 1 50 10 00
© **Latifolia.** An attractive and showy plant with tufts of large,
long, leathery leaves from which spring large, branched flower
stems with candelabra-like heads, frequently 1½ feet high and
2 feet across, covered with small purple flowers during July
and August. 1 20 8 00

STOKESIA • Stokes' Aster

Cyanea. Beautiful light blue flowers are produced profusely in Midsummer and early Autumn on 1½-foot stems. Lovely for cutting or in front of the border.	10	100
	\$1 20	\$8 00
Cyanea alba. White form of above.	1 20	. 8 00

TEUCRIUM • Germander

⊙ Chamædrys. Glossy green foliage resembling dwarf "boxwood" and may be used in place of boxwood where the latter is not hardy. Can be clipped to suit any height up to 1 foot.	1 80	12 00
---	------	-------

THALICTRUM

Dipterocarpum. Dainty flowers in a charming shade of lilac-mauve, which is brightened by a bunch of lemon-yellow stamens and anthers. Plant of strong growth, about 4 feet high. August, September.	2 00	15 00
---	------	-------

THERMOPSIS

Caroliniana. A lovely, lupine-like plant, 2 feet high, with rich green foliage. Yellow flowers produced in racemes 6 to 12 inches long during June and July.	1 80	12 00
--	------	-------

THYMUS • Thyme

⊙ Serpyllum albus (White Mountain Thyme). Forms dense mats of dark green foliage and clouds of white flowers.	1 50	10 00
⊙ Serpyllum coccineus. Plants become completely covered with brilliant, crimson-scarlet flowers.	1 50	10 00
⊙ Serpyllum lanuginosus (Woolly-leaved Thyme). Woolly foliage with bright pink flowers.	1 50	10 00
⊙ Serpyllum splendens. A rapid, dwarf-growing variety, very hardy, and excellent to cover bare spots; also good for the edge of walks or in the rock-garden.	1 50	10 00

TRITOMA • Red-Hot-Poker

Pfitzeri. We offer the true type of this variety and we consider it the best we have seen. Color is rich, fiery orange-scarlet. It shows up best when planted in masses, and is very valuable as a cut-flower. They need some protection in Winter.	1 50	10 00
---	------	-------

TROLLIUS • Globe-Flower

Europaeus, Lemon Queen. Free-flowering, strong-growing plant. Flowers pale yellow, produced in abundance on stems about 2 feet high.	2 00	15 00
Ledebouri, Golden Queen. Recent introduction of special merit. Acclaimed in both Europe and America as a choice item for the border with its extra-large golden orange flowers.	2 00	15 00

TUNICA

⊙ Saxifraga rosea flore-pleno. A charming, spreading, little plant that has minute dark green foliage and is covered with double pink flowers from June to September. 6 to 8 in.	1 80	12 00
--	------	-------

VALERIANA • Garden Heliotrope

Coccinea. Umbels of rose flowers on 1-foot stems from June until October. A splendid plant for bold effects in the wall or rock-garden. Plants, if too large, may be severely cut back without damage. Total height about 2 feet.	1 10	7 00
Coccinea alba. White form of the above.	1 10	7 00
Officinalis (Garden Heliotrope). Produces showy heads of rose-tinted white flowers during June and July. 3 to 4 ft.	1 20	8 00

The plants that are adapted for rock-garden planting are preceded by a ⊙

VERONICA • Speedwell

- Amethystina, "True Blue."** A splendid rich dark blue. June 10 100
and July. 12 in. \$1 50 \$10 00
- Blue Spire.** Lovely deep blue spikes. The foliage is clean and the plant is of bushy, upright habit, blooming throughout the early Summer and withstanding hot and dry weather without suffering. A very worth-while border plant. 1 50 10 00
- ◎ **Incana.** Deep blue flowers with silvery foliage. Has good appearance, both in and out of bloom. Useful in rockery or for edging paths and flower-beds. 6 in. 1 20 8 00
- Longifolia subsessilis** (Japanese Speedwell). The showiest and best of the Speedwells. Forms a bushy plant 2 to 3 feet high, with long, dense spikes of deep blue flowers from July to September. 1 50 10 00
- ◎ **Rupestris.** A fine rock-plant growing 3 to 4 inches high. Thickly matted deep green foliage, hidden in Spring under a cloud of bright blue flowers. May. 1 20 8 00
- Spicata rosea.** Spikes of pink flowers during June and July. 1 ft. 1 50 10 00

VINCA • Myrtle

- Bowles' Variety.** Flowers bright Eleanor-blue, produced in wild profusion in early Spring, with a sprinkling of bloom all Summer. Flowers twice the size of *V. minor*. 1 80 12 00
- ◎ **Minor.** Fine evergreen creeper. A good ground-cover in shady places where grass will not grow. Much used for covering graves. Single light blue flowers. 1 10 7 00

VIOLA • Tufted Pansies

- ◎ **Jersey Gem.** The most valuable bedding Viola yet introduced, blooming from early May to the end of the season. Of compact, sturdy growth. Flowers pure violet, without the slightest shading, and borne on good stems about 6 inches long. Our stock is all propagated from divisions, being of the originator's stock. This variety does not come true from seed. 1 20 8 00
- ◎ **Purple Glory.** A Viola of recent introduction, being of the Jersey Gem type. The flowers are borne on long stems held well above the plants. A difference is shown in the shape of the flower, it being somewhat round. A very beautiful Viola blooming persistently throughout the entire Summer. 1 50 10 00

VIOLETS, HARDY

- ◎ **Blanda** (Sweet White Violet). White flowers in April and May. Shade or partial shade. 1 20 8 00
- ◎ **Pedata bicolor** (Painted Bird's-foot Violet). A variety of which the upper petals are of a rich purple, the lower ones nearly white. Too much cannot be said of this splendid variety. 1 80 12 00

CONDITIONS OF SALE

We do not deliver stock listed in this Catalog free of charge but send all orders by Express, charges collect. However, we shall be pleased to send such items as can be mailed by Parcel Post at customer's request. We recommend shipping by Express whenever possible.

This list cancels all previous offers. The prices are net and subject to no discounts. We will gladly quote wholesale prices on plants offered in our Retail Catalog and not on this list.

Those desiring to open accounts will please furnish references from three parties, in the trade, with whom they have had credit relations, and allow sufficient time for us to investigate them; otherwise cash must accompany order.

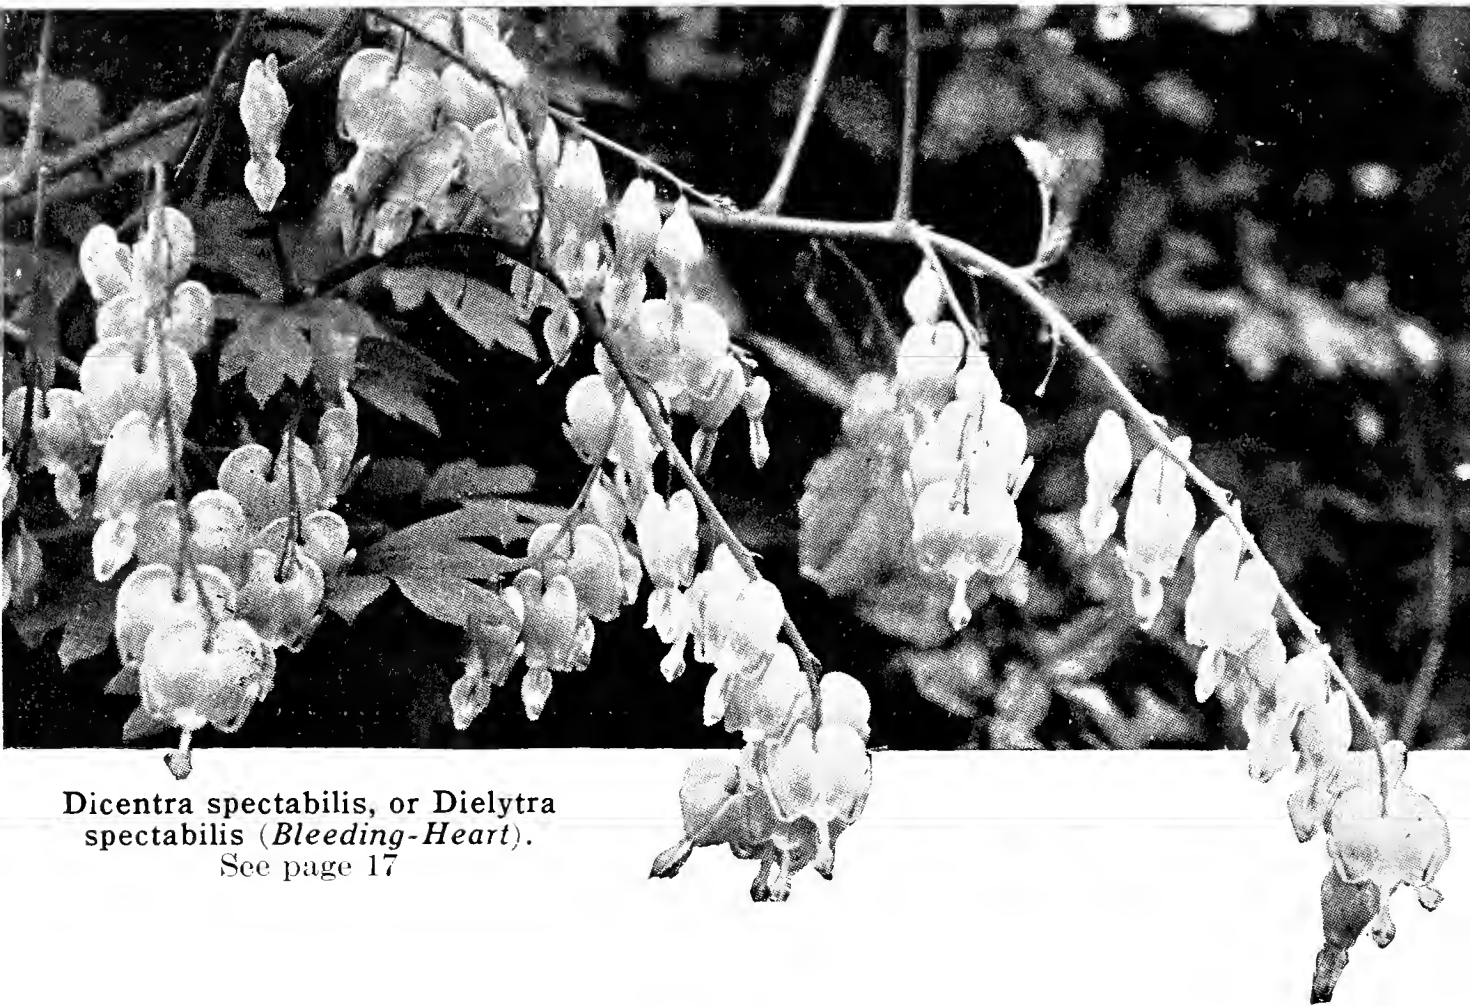

Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders, in amount sufficient to cover the complete order. Where it is impossible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way. We reserve the right to decline C.O.D. orders.

No charge is made for boxes or packing.

In filling out your order always give shipping directions and write **name and address distinctly** on each and every order.

Claims for shortage, etc., must be made within 5 days after receipt of goods.
